MEASURES BALLOT

This ballot contains two statewide measures. Constitutional Measure No. 1 was approved by the 2009 Legislative Assembly. Statutory Measure No. 2 was placed on the ballot by initiative petition. These measures are submitted to the voters of North Dakota for their approval or rejection. A voter may vote upon a measure by either darkening the oval opposite the word "YES" or "NO" following each question.

Constitutional Measure No. 1
(House Concurrent Resolution No. 3054, 2009 Session Laws, Ch. 641)

SECTION 1. A new section to article X of the Constitution of North Dakota is created and enacted as follows:

1. Thirty percent of total revenue derived from taxes on oil and gas production or extraction must be transferred by the state treasurer to a special fund in the state treasury known as the legacy fund. The legislative assembly may transfer funds from any source into the legacy fund and such transfers become part of the principal of the legacy fund.

2. The principal and earnings of the legacy fund may not be expended until after June 30, 2017, and an expenditure of principal after that date requires a vote of at least two-thirds of the members elected to each house of the legislative assembly. Not more than fifteen percent of the principal of the legacy fund may be expended during a biennium.

3. Statutory programs, in existence as a result of legislation enacted through 2009, providing for impact grants, direct revenue allocations to political subdivisions, and deposits in the oil and gas research fund must remain in effect but the legislative assembly may adjust statutory allocations for those purposes.

The state investment board shall invest the principal of the North Dakota legacy fund. The state treasurer shall transfer earnings of the North Dakota legacy fund accruing after June 30, 2017, to the state general fund at the end of each biennium.

SECTION 2. EFFECTIVE DATE. If approved by the voters, this measure becomes effective for oil and gas produced after June 30, 2011.

- ⬭ **Yes** - Means you approve the measure as stated above.
- ⬭ **No** - Means you reject the measure as stated above.

A person is guilty of a class A misdemeanor if the person obtains fees or other remuneration from another person for the killing or attempted killing of privately-owned big game species or exotic mammals confined in or released from any man-made enclosure designed to prevent escape. This section does not apply to the actions of a government employee or agent to control an animal population, to prevent or control diseases, or when government action is otherwise required or authorized by law.

County Measure No. 1

Should the McLean County Board of Commissioners build a new courthouse? (The cost of the project is estimated to be 5.5 million dollars or less. The county would fund the construction costs by using up to 1 million dollars of county revenues or savings; revenues from grants; in kind services; and a loan such as a coal impact loan in an expected amount of 4.5 million dollars. Any loan would be repaid by county general funds and coal severance taxes in an annual amount of $320,000.00. The repayment of the loan may require a tax increase to replace lost revenues. Based on the present estimated mill value, the maximum annual cost to repay the loan would be $38.12 if your home is valued at $100,000.00; and $21.18 on a quarter of farm land valued at $50,000.00 taxable value. The new courthouse would be located on current courthouse and law enforcement center site, and the old courthouse complex would be demolished.)

○ **Yes** - Means that you support building a new courthouse.

○ **No** - Means that you do not support building a new courthouse.
